## DWC – ENVIRONMENTAL POLICY

-----

### Philosophy

- ✓ The Mission of DWC pursues the improvement of life quality for poor people, especially women and children through research, education, and training, and to facilitate sustainable community development projects and programs.
- ✓ We clearly understand the negative impacts of environment pollution and climate change to human lives.
- ✓ We are aware of our responsibility to protect the environment.

### Commitments

We are committed to:

1. Paying attention to environment protection in all daily behaviors and all activities at project areas.
2. Regularly updating knowledge on environment protection and learning from others' experiences in applying measures on reduction of environmental pollution and migration of climate change.

3. Communicating/Propaganda on environmental knowledge and facilitating the application of measures on reduction of environmental pollution and mitigation of climate change.

### **Actions**

- ☺ Encourage planting trees in allowed areas.
- ☺ Encourage quitting and not starting to smoke.
- ☺ Saving on fuels and natural resources: save electricity, save water, effectively reuse tools/items, etc.
- ☺ Minimize the chemical-filled wastewater and prioritize biological products.
- ☺ Minimize waste outputs: limit the use of plastic bag, limit the purchase of goods with single-use packages, sort and dispose of garbage in the right places, etc.
- ☺ Maximize reusing plastic items and minimize plastic waste.
- ☺ Encourage using environment-friendly transportations.
- ☺ Prioritize resources for capacity building activity for DWC's staff members about the topics on environment, climate change, and agroecology.
- ☺ Strengthen the projects for facilitating agro ecological farming, environment-friendly production, and climate change mitigation.
- ☺ Integrate environment protection in all activities at project areas as a cross issue.

**DWC's Director**  
**Bui Thi Kim**
